Weak and unhealthy kidneys are probably responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, serious results are sure to follow.

WARNINGS TO THE WORLDLY MINDED

Lott's Wife Subject of Ser-
mon at St. Clement's
Church.

Preaching from the text: "Remember
Lott's Wife," Luke 17:32, the Rev.
Thomas Semmes, who is conducting a
mission at St. Clement's church, made a
deep impression upon all who heard
him last evening.

Rapidly reviewing the story of Lot
and his antecedents, he showed his fall
to be due to a selfish, grasping dispo-
sition which put the acquirement of
riches above right living and the moral
welfare of those dependent on him. At-
tracted by the prospect of an easy mar-
ket "he pitched his tent towards Sodom,"
where the whole spirit of the man be-
came commercialized, his daughters
pledged themselves in marriage to god-
less men, and his wife, like many a
woman of today, gave herself heart and
soul to the demoralizing life about her.
In spite of her privileged association
with the family of Abraham, the speak-
er said, the woman gave herself delib-
erately over to the seductions of city life,
so that she did not even desire to es-
cape from its thralldom. Though helped
by angels from the doomed city, she
yet looked longingly back upon the old
life. Though warned of God, she was
yet disobedient to his voice and per-
ished.

Lott's wife is a picture of ourselves,
said the speaker. God cannot save us
in spite of ourselves. We must exert
ourselves, must work out our own sal-
vation. We have helps which we delib-
erately refuse to use. We have Bibles
which we do not teach our children to
appreciate. We read all the trashy
novels of the day yet are unfamiliar
with God's own word. We are warned
yet we heed not the warning.

Lott's wife perished not because she

LAS CRUCES AND MESILLA VALLEY

SEWERS AND WATER FOR LAS CRUCES RECOMMENDED

Committee Completes Its
Investigations and Re-
ports to Trustees.

Las Cruces, N. M., Jan. 25.—Last night
marked the closing act of the commit-
tee of 20 citizens appointed by the
mayor for the purpose of investigating
the subjects of electric light, water
works and sewage systems for Las
Cruces. The committee was composed
of R. P. Porter, chairman; Henry Stoes,
secretary; N. C. Frenger, J. H. Paxton,
F. H. Bascom, W. B. Murphy, Nestor
Armijo, Isidoro Armijo, R. E. McBride,
Oscar Lohman, V. B. May, D. V. Pea-
cock, F. M. Hayner, Jose Gonzales, H.
B. Holt, Theo. Rouault, S. F. Bean,
Nicholas Galles, Guadalupe Ascarate
and M. H. Peterson. They have been
meeting twice a week for the past two
months. They investigated expert en-
gineer reports and have endeavored to
get such information as would help
them in recommending to the trustees
the matter in such form as to best
serve the interests of the community at
large.

The matter of an electric light sys-
tem was the first solved by the com-
mittee, which recommended that a fran-
chise be granted to the Las Cruces
Electric Light and Ice company under
proper terms and outlining the prin-
ciples of the terms.

Last night the matter of a water
works system and sewage system was
passed upon.

The motion which had at a former
meeting been tabled—to the effect that
the committee recommend to the trust-
ees that the city provide and main-
tain its own water works system—was
passed by unanimous vote and when
again placed before the committee, was
carried. On motion, it was recommend-
ed that the trustees provide a sewage
system and issue bonds for that pur-
pose.

On motion of N. C. Frenger, the
recommendation regarding the electric
light franchise was reopened. Mr.
Frenger stated that his purpose in
making the motion was that the recom-
mendations relative to the clause
wherein the city stipulated that the
electric light company if granted a
franchise by the trustees relinquish
whatever rights claimed, vested or
otherwise, which it may hold or claim,
within the limits of Las Cruces, in lieu
of the new franchise, be further amend-
ed, providing that the company should
relinquish not only that right but any
other right, particularly that of its
claimed vested rights as to a water
system.

Messrs. Paxton and McBride said they
did not believe in using the "big club."
Isidoro Armijo asked what was meant
by the "big club."

Paxton answered: "Same as if you
should go to the bar and ask for a
drink and the barkeep would say that
you had to buy beer first."

Armijo said the explanation was satis-
factory.

On motion of Dr. McBride it was car-
ried to the effect that the committee
recommend to the trustees that if the
town should vote for the establishing
of a municipally owned water works
system that the trustees endeavor to
procure from the present company
whatever right it may hold in the way
of materials and pipe lines by arbitra-
tion and purchase.

A committee composed of N. C. Fren-
ger, J. H. Paxton and R. E. McBride
was appointed by the chair to put the
recommendations in proper form to
present to the trustees.

Those present last night were R. P.
Porter, N. C. Frenger, J. H. Paxton, F.
H. Bascom, W. B. Murphy, Isidoro Ar-
mijo, R. E. McBride, Nestor Armijo,
Oscar Lohman, V. B. May and D. V.
Peacock.

**LAS CRUCES FIREMEN
HAVE MORNING RUN**

Las Cruces, N. M., Jan. 25.—This
morning at 8:30 o'clock the fire whistle
called the firemen by their short blast
to the third ward. The boys got to
the fire, but as Juana Apodaca is one
of the progressive citizens, he was
provided with water pressure and a
hose and had the fire extinguished in
short order.

The fire originated from the kitchen
flue being in too close contact with
light wood stuff supporting the mud
roof.

army board of control, showed bal-
ance and receipts from March 25, 1909,

The Post Tavern

At Battle Creek, Mich.

Is justly famous for its Grape-Nuts griddle cakes.

Recipe

Two cups sour milk; eight teaspoonfuls of Grape-Nuts,
half a teaspoonful salt, two scant teaspoonfuls soda,
flour enough to make a thin batter. Add the Grape-
Nuts to batter just before frying. Fry a trial cake and
if the batter is too thin, add more flour.

Above recipe makes about 2 doz. cakes.
The Grape-Nuts in the cakes make them as light
and porous as buckwheat cakes, with the advantage
of being much more easily digested.
